

Who we are

HD ABA Consultancy is a small behaviour consultancy provider based in the North. We deliver ABA consultation and training services in Yorkshire, Greater Manchester, Lancashire and Merseyside.

Being a small consultancy means we can deliver a consistent and personalised service specifically tailored to your child and their needs.

What we do

At HD ABA we work with your child's motivation and interests to teach them the necessary skills to enable and increase their interaction with the social world. We can support a wide range of skill building including communication, social interaction, academic, play, and socialisation. Through in depth assessment and ongoing monitoring of your child's progress, we are able to systematically improve your child's skills by working on their deficits and building on their strengths

Start Up Package

We offer flexible fixed rate start –up packages which give you everything you need to start your ABA journey at a price you can afford and no nasty surprises on your invoice. We can also offer a payment plan to make starting your journey even easier - Please do get in touch for details.

All start up packages include:

1 day of direct assessment with your child

1 day of initial training in basic principles of ABA

Half day working directly with your child implementing recommendations based on assessment.

Without Assessment Report £750 *

With Assessment Report £800*

Tutors

It is well known the difficulty families can have in sourcing tutors to work on their child’s ABA program. Whilst we do not provide tutors here at HD ABA, we have made links with several Universities and hold a database of many potential tutors interested in a career in aba whom we can train as part of your aba team!
